MEDICAL.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania. GREAT CURE FOR DYSPEPSIA! -- ANOTHER SCIEN-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, PREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Physiclogical Chemist, by J. S. Houghton, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspep-sia, Jaundice, Liver Complaint, Consumption and Debility, coring after Nature's own method, by Nature's own Agent, the Gastrie Juice. Half a tea-spootful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two hours, out

Pepsin is the chief element or digesting principle of the Gastric Juice the solvent of the food, the purifying preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastrie Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsin are removed just as they would be by a healthy stomach. It is doing wouders for dyspeptics, during cases of Debility, Emaciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based is in the highest degree curious

Scientific Evidence.-Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastrie Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the numan stomach. Dr. Preira, in his famous treatise on "Food and Diet,"

published by Fowler & Wells, New York, page 25, states the same great fact, and describes the method of preparation, There are few higher authorities than Dr. Prierr. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and le states that "a distinguished professor of medicine in London, who was severely afflicted

with this complaint, finding every thing else to fail, his squ course to the Gastric Juice, obtained from the stoma-er pe living animals, which proved completely successful." Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of ef-

the property of dissoving varieties of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2,) says: "The discovery of Pepsin forms a new era in the chemical history of figestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pensin, as it is in the natural Gastric Juice itself Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experi-ments with Dr. Beaumont, on the Gastrie Juice obtained from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as per-

feetly in the artificial as in the natural digestion." Dr. John W. Draper, Professor of Chemistry in the College of the University of New York, in his "Text Book of Chemistry," page 386, says: "It has been a question whether artificial digestion could be performed-but it is now universally admitted that it may be." Dr. Carpenter's standard work on Physiology, which is in

the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and deficient secretion of the Gastrie Juice. All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the char-

acter and properties of Pepsin, and state many interesting The fact that an Artificial Digestive Fluid, or Gastrie Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the

As a Dyspepsia Curer, Dr. Houghton's Pepsin has oduced the most marvellous effects, in cases of Debility, naciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but anthenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great nervous antidote, and particularly useful for

tendency to Bilious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health

Old Stomach Complaints. - There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despendency, Ema-ciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin is sold by nearly all the calers in fine drugs and popular medicines throughout the

United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians. Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular prac-

tice. Price ONE DOLLAR per Bottle. Pensin in Powder sent by mail free of postage.-For puvenience of sending to all parts of the country, the Di gestive Matter of Pepsin is put up in the form of Powder, with directions to be dissolved in water by the patient. These Powders contain just the same matter as the Bottles, and will be sent by mail, free of postage, for One Dollar sent (postpaid) to Dr. J. S. HOUGHTON, M. D., Philadelphia,

BLACKWOOD'S MAGAZINE AND THE BRIT-NEW SUBSCRIBERS. Owing to the late revolutions and counter revolutions among the nations of Europe, which have followed each other in quick succession, and of which the "end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treatises to be furnished by the historian at a future day. The American publishers, therefore, deem it proper to call renewed attention to these Periodicals, and the very low price at which they are offered to suit purchasers. The following is their

THE LONDON QUARTERLY REVIEW: THE EDINBURG REVIEW; THE NORTH BRITISH REVIEW; THE WEST MINISTER REVIEW: and

BLACKWOOD'S EDINBURG MAGAZINE. In these Periodicals are continued the views moderately, though clearly and firmly expressed, of the three great par-ties in England—Tory, Whig, and Radical—"Blackwood" and the "London Quarterly" are Tory; the "Edinburgh Re-view" Whig; and the "Westminister Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge; it was originally edited by Dr. Chalmers, and now, since his death, is conducted by his sersin-law. Dr. Hanna, associated with Sir David Brewster. rary character is of the very highest order. The "Westminister," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminister," it being, in fact, a union of the two Reviews, formerly published and reprinted under separate titles. It has therefore the advantage by this combination of uniting one work the best features of both as heretoforc is-

AFFLICTED READ!

DHILADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. corner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia. Take Particular Notice. There is a habit which boys teach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial hap-piness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who include in this permicious practice are aware of the consequences, until they and the nervous system is shattered, feel strange and unaccountable feelings, vague fears in the mind. The individ-ual becomes feele, i.e is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is duil and irresolute, the countenance is downcast, the eyes without natural lustre, shamefacedness is apparent

These are symptoms which should awiller the disnition of those similarly afflicted. If the victim be conscious of the cause of his decay, and having relanquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter marrimony, his marriage is unfruitful, and his senses tell bim that this is caused by his early fellies. Too many think they will hog the secret to their own bearts, and cure themselves. Alast how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth

Young Men! -het no false modesty deler you from making your case known to one who, from education and respectibility, can alone befriend you. He who places himself under DR, KINKELIN'S treatment, may religiously confide his henor as a gentleman, and in whose bosom will be orever locked the secret of the patient.

Country Invalids. Finding it inconvenient to make personal application, can, by stating their case explicitly, to-gether with all their symptoms, (per letter jest paid,) have orwarded to them a chesi containing Dr. K.'s medicines, appropriated accordingly, and be cured at home.
Strictures of the until n, weakness and constitutional debility, promptly cured, and full vigor restored. All letters

From the "Boston Bee." The editor said, Dec. 22d: DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of the originals. Blackwood's Magazine being an exact fue of Liver Complaint, Jaunalice, Dyspepsia, Chronic or Nercines of the day. These Eitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor-a fact worthy of great consideration. They are pleasent in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the af-

flicted we advise their use. "Scott's Weekly," one of the best literary papers pub ished, said, Aug. 29th:
"Dr. Hoefland's German Bilters manufactured by Dr. Jackson, are now recommended by some of the nest promment mambers of the faculty, as an article of much efficacy in cases of Female workness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these bitters advantageous to their health, as we know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says: "HOOFLAND'S GERMAN BITTERS.-We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry were persuaded to use it, and must say that we found it specific in its action upon diseases of the liver and digestive organs, and the influence it exerts upon nervous prostration is really surprising. It caims and

strengthens the nerves, making sleep refreshing.
"If this medicine was more generally used, we are satisfied there would be less sickness, as from this stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial; it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit." Evidence upon evidence has been received (like the foregoing, from all sections of the Union, the last three years,

and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila delphia, than all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent even in this form. That this memcine will cure liver complaint and dyspep si , no one can doubt after using it as directed. It acts spe calically upon the stomach and liver: it is preferable to calo

DR. ARNOLD'S UNION PILLS. GREEN HILL, Tenn., January 19, 1852. Dr. Arnold-Dear Sir-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Fills. Having been for quita a number of years, greatly troubled with dispensia, and constipation of the bowels; at times alarming the greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever—at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a supply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all the evil consequences, but what would, after a use of your med-

idines, join me in saying the same of them.

NASHVILLE, May 1, 1851. To the Editors of the Nashville Union: Gentleman, - By publishing the following you will much oblige me and confer a favor on suffering humanity. It is but justice to the public that the virtues of Machell's Indian Rheumatic Extract should be made familiarly known to every one, and particularly to these afflicted with that painful disease called Khettmatism. There been suffering with that disease for the last two years. Thave applied to numerous physicians, also tried various remedies, recommended to cure it, but only found temporary relief and almost in despair of ever getting entirely cured; but hearing of Mitchell's Indian Rheumatic Extract, for sometime, I was not willing to try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I sent for him, when he called on me and assured me he would effect a cure; also satisfied me by certificates from highly respectable persons in Louisville, some of whom are personally known to me, that got well by the use of his Extract, which induced me to give it a trial; and I take pleasure in stating, that after the use of two bottles I am entirely relieved. Relieving it a duty incumbent upon me to recommend in the strangest terms a medicine which I believe has no equal in the cure of this distressing disease.

Yours, respectfully, Public Square, 3d door from the New Bridge.

ANOTHER IMPORTANT CURE

BY MITCHELL'S INDIANEX FRACT.
EDGEFERD, (venr Nashville,) May 9, 1851. Dr. J. Mitchell: Dear Sir,-I take pleasure in stating to you, and for the kenefit of the public, that my krother, (a lad of lifteen years, who has been affiliated with the Ekenmutism, for some time, in one of his knees and back, and having tried various remedies, all of which had beretefore proved useless, I was almost in despair that he ever would e anything but a cripple for the rest of his life, as the lorders of his knee were drown. But hearing that Mr. McIntosh, an old resident of Nashville, had been cured by the use of your Extract, induced me to my it for my brother, and to my great astonishment, by the use of one bottle be has reguired the use of his limbs, and is entirely free of all pain. I, therefore, feel in duty bound, after having tested a medicine which must be of so much use to these afflicted with this pairful disease, to, unselicited, publicly recommend it as a cer-

DAVIESON COUNTY, Tenn., July 5, 1851. Dr. J. Mitchell: Dear Sir,-I feel it my duty to acknowldian Ricementic Extracts. I have been suffering with Rheumatism in my hips for some time. I was under the reatment of a physician considered a good one, who told me that he could not effect a cure on me. Hearing of your Extrust effecting so many cures in the city of Nashville, induced the to try it; and I take pieusure in stating that the use of one bettle of your Extract has given me great relief. I consider it a very valuable remedy for what it is recommended,

Nasavante, Tenn., July 31, 1851. To the Editors of the Union: Deeming it my duty to the sublic and especially to those afflicted with Blee matism, that have been relieved by Mitchell's Indian Rheun atic Extract. I have been afflicted for a number of years, and applied to a number of physicians for relief, but in vain. I also tried different remedies recommended for Kbeumatism, but found them all to be humbers. Hearing of Dr. Mitchell's Indian Rheumatic Extract, I called on the Doctor, and he assured me I could be cared. Having spent so much money and found no relief, I concluded to be humburged no more. told the Doctor I would give him a certain sum if he would effect a cure. The Doctor lock my case and furnished me with medicines: I followed his directions; and I am cow happy to state, after the use of two bottles of his extract, and two of his blood parifying remedy. I am entirely relieved. As an act of justice to Dr. Mitchell, I take this tacthod of recommending it to those who are similarly afflicted, as a cer-

tain remedy for Rheumatism. Yours, respectfully,

LINCOLN COUNTY, Tenn., May 2, 1852. To all afflicted with Rheumatism, the most painful and annoying of diseases in the whole estelegue of human suffering, I would say, apply to Dr. Mitchell, or his Agents, for some of his invaluable Indian Bheumatic Extract, and I venture to assert you will not be humbugged but find relief from your sufferings. There is a great aversion to Patent Medicines by the public generally, as they have been so often deceived; but this invaluable remedy is worthy a trial and has, so far, proved effectual whenever tried. I will give a brief statement of my case, that those who have been

ing afflicted may not yet despond while Dr. Mitchell sur-Having been afflicted with the worst of maladies for more than six years, being confined to my room a great portion of the time, and unable to lie by day or night—my joints stif-fened, my muscles partially essified, and so much emaciated as to seem more like an inhabitant of another world than this. Having tried every Physician of any note of whom I could hear, all proved unsuccessful. I had entirely despaired of recovery, expecting to spend (not enjoy) the life of the invalid, when I chanced to see an account of the wonderful cares effected by Dr. Mitchell's Indian Rheumatic Extract, I resolved to give it a fair trial, as I had all other I hycians who tried my case, notwithstanding it was a patent medicine, in which I could exercise no very strong faith: when to my great surprise and satisfaction, before using it more than the short space of one month, it has been so far arrested in its ravages upon my system that I can almost ven-fure to assert, though of long standing, that it is entirely ex-pelled from its strong held, though apparently so well fortified.
